Enjoy the freedom of Motability

By choosing to lease your scooter or powered wheelchair through Motability, you will join over 600,000 satisfied customers who are already enjoying one of our worry-free lease packages. So whether it's for a trip to the shops, to use around your home or to visit friends and family, Motability can make it easier.

About this guide

This guide explains what leasing a scooter or powered wheelchair through Motability means, how it works, the benefits, as well

as some tips to help you make the right choice. Our network of Motability trained dealers are ready to help should you have any questions about the different products available.

Worry-free mobility

With a scooter or powered wheelchair leased from Motability we take care of everything for you from insurance to breakdown recovery, repairs and servicing, leaving you free to enjoy the independence of worry-free mobility.

Our worry-free package helps you get about

With Motability, you get more than just the scooter or powered wheelchair of your choice, you get all the support and help you need to enjoy worry-free mobility.

All this is included in your lease:

- ✓ New scooter or powered wheelchair every three years (five for some powered wheelchairs)
- ✓ Over 300 products to choose from
- ✓ Breakdown assistance – 24 hours a day, 365 days a year
- ✓ Insurance cover
- ✓ Battery and tyre replacement
- ✓ Servicing, maintenance and repairs
- ✓ UK based Customer Services team

Who is eligible and about the lease

If you receive either of the following benefits and have at least 12 months' award remaining you can exchange some, or all of this, to lease a scooter or powered wheelchair from Motability:

- ☒ **Higher Rate Mobility Component of the Disability Living Allowance**
 (Currently £55.25 a week) from the Department for Work and Pensions (DWP)
- ☒ **The Enhanced Rate of the Mobility Component of Personal Independence Payment**
 (Currently £55.25 a week) from the Department for Work and Pensions (DWP).
- ☒ **War Pensioners' Mobility Supplement**
 (Currently £61.75 a week) from the Service Personnel and Veterans Agency (SPVA)
- ☒ **Armed Forces Independence Payment (AFIP).**
 (Currently £55.25 a week) from the Service Personnel and Veterans Agency (SPVA)

Parents can apply on behalf of a child aged 3 or over, who receives the allowance, but only the person in receipt of the allowance can use the scooter or powered wheelchair. It cannot be used by anyone else, for example your partner or spouse.

We take care of everything

A lease means that we take care of the product throughout the agreement, so there are no unexpected costs to you. Insurance, breakdown, servicing, battery and tyre replacement are all included in the price.

Payment is organised for you

We arrange for the relevant amount of your allowance to be paid direct to us every four weeks. And as most products cost less than your weekly allowance, you will directly receive the remainder of your allowance to spend however you choose.

Your responsibilities

All we ask in return is that you take good care of the product and that it is used for your benefit.

The best thing is the peace of mind with Motability.

Motability customer.

Which one is right for you?

Here is a quick guide to the types of products available. You will also find a selection of products and their prices later in this guide.

A **scooter** is probably the right choice if you can travel relatively independently, get on and off on your own, and want to take trips to local shops or visit family and friends.

There are three types of scooter and you'll find more about them on pages 11-14:

- Small** Light, easy to transport but limited distance
- Medium** Carry more weight, sturdier, some are road legal
- Large** Bigger, road-legal, for longer distances

A **powered wheelchair** may be the right choice if you need mobility assistance throughout the day or around the home; cannot get on or off seats easily or can only operate joystick controls.

There are three types of powered wheelchair and you'll find more about them on pages 14-20:

- Standard** Standard seats and controls, can be folded for transport
- Standard Plus** Standard design but with the most popular adaptations fitted
- Custom built** Tailored to your needs, available through specialist dealers

Helping you make the right decision

Above all, we recommend that you try any scooter or powered wheelchair in the environment that you will use it, to ensure it meets your needs.

Thoroughly discuss your needs with the dealer and do not feel pressured to choose there and then. It's a good idea to have a trusted family member or friend with you for a second opinion.

Tailoring your choice with optional extras

Your scooter will automatically be provided with a weatherproof cover, and many models come with a storage basket. There are also many other accessories available at an extra cost including storage units, ramps, crutch and cup holders. Just ask your dealer for advice.

Everything was explained to me.

Ms Jacqui Linford, London.

Independent advice is available

Independent advice is also available from sources such as Mobility Assessment Centres, the NHS, Ricability and health professionals.

What to do next

Your next step is to contact a few Motability dealers. You can find both national and local dealers on [motability.co.uk](https://www.motability.co.uk) using our 'Find a dealer' search or call 0800 953 3060.

Some things to think about when choosing:

- How easy is it to get on and off?
- How far do you need it to travel on a fully charged battery?
- Do you have somewhere to safely store and plug it in for recharging?
- How comfortable is the seat for longer journeys?
- Can you dismantle it to fit into a car?
- Will it have enough power if you need to go up hills?
- Would solid or air filled tyres affect the comfort of the ride?
- Can you easily reach the steering column or “tiller”?

Benefits of worry-free mobility

Breakdown assistance

If you break down or get a puncture that prevents you from being able to get home, our partners at Motability Assist will help get you, and your scooter or powered wheelchair home so your dealer can do the necessary repairs.

Insurance cover

You are covered in case of an accident, damage or theft, with no excess to pay. The insurance also covers you against any damage caused by your scooter or powered wheelchair to other products, property or people.

Battery replacement

Your scooter will come with a battery as standard so all you have to do is keep it charged. However, if anything goes wrong

with the battery through normal every day use, it will be replaced, free of charge.

Replacement tyres

There is no need to worry about punctures or damage to your tyres as we will always repair or replace them whenever there is a problem.

Servicing and maintenance

To keep your scooter reliable and in good condition all servicing and maintenance is included as part of your worry-free package.

Customer service

We have a dedicated team of advisors based in the UK to help you if you have any questions about your lease. You can call them on **0845 456 4566** or check **motability.co.uk** for lots of useful information.

Takes me out and about;
keeps me mobile.

Motability customer.

Specialist dealers ready to help you

It's very important to us that you choose the scooter or powered wheelchair that's right for you. That's why we work with specially trained dealers in your area to ensure that there are people who can visit you to discuss the products available, as well as provide servicing, maintenance and repairs throughout your lease.

They will come and visit you

To make sure you get the scooter or powered wheelchair that is right for you, your dealer will be happy to come to your home with a selection of products for you to try. They'll assess your needs and see how the scooter or powered wheelchair fits around your home and lifestyle.

Alternatively, you can visit a dealer showroom to see a range of models. Your dealer will still do an assessment at your home to make sure it's the right product for your lifestyle.

All of these things will affect what product is right for you:

- ☒ Your height and weight
- ☒ How far you typically travel
- ☒ A typical route (e.g. public roads, hills, kerbs etc)
- ☒ How your disability affects you now, and in the future
- ☒ The amount of shopping you are likely to carry
- ☒ Will you need to get the product into a car
- ☒ Where you could keep it at home and charge it up
- ☒ Any accessories you might want

How to find a dealer

You can find your nearest dealer online at [motability.co.uk](https://www.motability.co.uk) or call 0800 953 3060.

You can talk to as many dealers as you like – do not feel obliged to place an order with the first dealer who visits.

Placing an order

When it comes to placing your order your Motability dealer will take care of everything. Here's how it works:

- 1.** To make ordering quick and simple, it is completed through our online system at the dealership. If you are at home, the dealer will take your information and place the order on your behalf.
- 2.** Your allowance will be held by the Department for Work and Pensions or Service Personnel and Veterans Agency from the date your dealer expects you to take delivery of your new scooter or powered wheelchair. If for any reason the delivery date is delayed, any monies owed will be paid back to you after your new scooter or powered wheelchair is delivered.
- 3.** Your dealer will take you through a couple of forms to make sure that Motability, and your product, are right for you now, and throughout the course of your lease.

4. We'll send you a PIN (Personal Identification Number) which you will need to enter when collecting your scooter or powered wheelchair to confirm the start of your lease. Alternatively, you can authorise the dealer to enter this on your behalf.

5. Upon delivery, the dealer will take you through a full demonstration of your product, including a test drive to make sure it suits your needs. You will also get full details of your lease and insurance cover as well as a handbook to support you through your lease.

Make sure you are safe!

When out and about do not forget the Highway Code. There is a special section dedicated to scooters and powered wheelchairs (rules 36-46). Full details of this can be found on [direct.gov.uk](https://www.direct.gov.uk)

The people who looked after us were absolutely brilliant.

Mrs Josephine Longmire, Doncaster.

It was much more affordable to lease it from Motability.

Motability customer.

How we get you the best prices

Our prices are negotiated and updated every three months so that we can provide you with the best offers from each manufacturer.

The prices listed here are for orders placed between **1 April and 30 June 2013**. The price you agree with your dealer when you apply is the price you pay, even if it changes before you collect your product.

Most of the models available cost less than your weekly mobility allowance, which means you will get some money back.

As we continue to work towards improving the value of our worry-free lease package, all our products now require an upfront non-refundable payment, which we call an 'Advance Payment'. This will be £25, except for some high specification powered wheelchairs, where this payment may be a little bit more. Your dealer will be able to talk you through the Advance Payment applicable to your lease.

Over the next few pages are a selection of some of our most popular models. To see the full list, please visit motability.co.uk

To search the **full** price and model list go to motability.co.uk

How to use the pricing tables

DLA/PIP/WPMS Holders

The cost of each product may differ depending on whether you receive the Higher Rate Mobility Component (HRMC), of the Disability Living Allowance (DLA); the Enhanced Rate of the Mobility Component (ERMC) of Personal Independence Payment (PIP); or the War Pensioners' Mobility Supplement (WPMS). Armed Forces Independence Payment recipients should refer to PIP prices. Prices are based on a three year lease agreement.

Class

Class 2 products are limited to 4mph and are suitable for pavement use only. Class 3 products are able to travel up to 8 mph, need to be taxed and can be used on some roads.

Description

This gives you the range and model name.

Speed in miles per hour (mph)

This is the maximum speed each model can travel at. All products capable of greater than 4mph will have controls that allow you to limit the speed to 4mph on pavements.

Number of wheels

The number and dimensions of a scooter's wheels and tyres has a direct effect on its stability and ability to tackle obstacles.

Product weight

The weight of the product may have an impact on your ability to transport it.

Range

This is how far the product will travel on average once fully charged. This range is an estimation only and will vary by use, the type of ground, the weight carried by the product, the condition of the motor and the charge level of the battery. Make sure you take into account your return journeys.

	Class	DLA or PIP holders		WPMS holders		Number of wheels	Max. speed	Max. weight capacity (kg)	Av. range (miles)	Product weight (kg)
		Advance Payment £	Weekly Rental £	Advance Payment £	Weekly Rental £					
Sterling Sapphire 2	2	£25.00	£17.87	£25.00	£17.87	4	4	150.0	18.6	79.0
Pride Colt PLUS	2	£25.00	£18.29	£25.00	£18.29	4	4	159.0	25.0	100.9
Pride Colt TWIN	2	£25.00	£18.29	£25.00	£18.29	4	4	159.0	25.0	87.0
TGA Sonet	3	£25.00	£19.17	£25.00	£19.17	4	6	160.0	20.0	89.0

Advance Payment (AP)

The non-refundable amount payable up front to your dealer in addition to your four weekly mobility allowance.

Weekly rental

Shows the relevant amount of your weekly allowance (either DLA, PIP or WPMS) that each product will cost. Payments will be made directly to Motability Operations every four weeks. T/A stands for "Total Allowance" and means that the total amount of higher rate mobility allowance is payable in exchange for your product.

Weight Capacity

This is the maximum weight that the product is designed to safely carry.

We recommend that you try any scooter or powered wheelchair in the environment that you will use it regularly, before you commit, to ensure it meets your needs.

The small print

- All scooters and powered wheelchairs are subject to availability.
- The Contract Hire prices contained within this guide are subject to change on a quarterly basis.
- You need to have at least 12 months' award remaining to be eligible for a Motability Contract Hire lease.
- Insurance and loss and damage protection is included in the Contract Hire scheme. Full insurance details are available on

request and are provided in the Cover Booklet supplied with your Motability product.

- The terms, conditions, prices and model features set out in this price guide are correct at time of going to print.
- However, these may be subject to adjustment or withdrawal in the event of any changes taking place which affect the cost of the provision of the Contract Hire agreement, or product availability.
- For full terms and conditions please

contact our Customer Services team on **0845 456 4566** (lines are open Monday to Friday 8.30am to 5.30pm). Calls may be recorded to improve customer service.

- This guide contains a selection of the scooters and powered wheelchairs available. For the full list available from Motability visit motability.co.uk or contact a dealer.
- Customers living on the Isle of Man may be subject to an additional fee.

Low price options

We've selected a handful of the lowest priced scooters from each of our categories to show you just how affordable it can be to get mobile with Motability. Whether you're looking for something that has a higher weight capacity, or something that will give you the furthest travel range, there is

always a scooter to match your needs and budget. If you're looking for a wider choice of options then turn the page to see a selection of scooters and powered wheelchairs. Don't forget you can check the prices of all our scooters and powered wheelchairs online at **motability.co.uk**.

Lowest price options: by weight capacity

Below are the top ten lowest price options for scooters that are able to carry 150kg or over. To see more options have a look over the next few pages, paying particular attention to the 'Max. weight capacity (kg)' column.

Description Range & model	Class	DLA or PIP holders		WPMS holders		Number of wheels	Max. speed	Max. weight capacity (kg)	Av. range (miles)	Product weight (kg)

Sample prices are shown on pages 12-20 and the full range of products can be found at motability.co.uk

SMALL – Boot scooters (Class 2, up to 4mph)

Usually dismantle into a few parts to allow you to stow it in a car boot. Make sure you try the scooter with the car you travel in most frequently to ensure it fits and that the person who needs to lift it is able to do so comfortably.

CONSIDERATIONS

- Not suitable for use on the road
- Small, compact and lightweight
- Fold or dismantle for storage and/or transportation
- Can be used around the home
- Limited battery range
- Will carry less weight

Visit motability.co.uk to see the full range of products and prices and filter your results to find a product that meets your needs. You can also search to find your local dealer and arrange a no obligation demonstration.

MEDIUM – Midrange scooters (Class 2 and Class 3 up to 6mph)

Medium sized scooters are generally sturdier than smaller scooters, but are not as easy to fold or dismantle so may be more difficult to transport in a car (speak to your dealer to find out which models you can dismantle). Class 3, 6mph scooters in this section can be used on the road if they are taxed.

CONSIDERATIONS

- May have a greater travel range
- Some have a greater weight capacity
- Many have a wider turning circle than smaller models

Description Range & model	Class	DLA or PIP holders		WPMS holders		Number of wheels	Max. speed	Max. weight capacity (kg)	Av. range (miles)	Product weight (kg)

LARGE – ROAD LEGAL SCOOTERS (Class 3, up to 8mph)

Class 3 scooters are classified as road legal by the Department of Transport, meaning they require road tax (provided free of charge by the DVLA). They can travel up to 8mph on the road (4mph limit for pavements), and are suitable for longer distances and rougher surfaces.

CONSIDERATIONS

- May have a greater travel range
- Some have a greater weight capacity
- Many have a wider turning circle than smaller models
- They are sturdier and have larger seats

STANDARD – Powered wheelchairs

These powered wheelchairs come fitted with standard seats and controls, although these will still vary between individual models. Many models will fold or dismantle to allow you to transport them in a car.

CONSIDERATIONS

- Some adaptations cannot be added to these wheelchairs
- Available through all of the Motability powered wheelchair dealer network

CUSTOM-BUILT – Powered wheelchairs

Custom-built powered wheelchairs allow you to have various modifications and adaptations that mean your powered wheelchair is tailored to your needs. Often the technology involved is very advanced and can mean even if you have very limited movement you can still enjoy freedom and independence. If you find that standard powered wheelchairs do not suit your needs please speak to a specialist custom-built powered wheelchair Motability dealer. This will enable you to gather information and advice from health professionals about the option of having your powered wheelchair custom built.

STANDARD PLUS – Powered wheelchairs

Standard Plus powered wheelchairs come with extra adaptations fitted as standard, and included in the cost of your lease. If you need a powered wheelchair and a standard one doesn't fit your needs, a Standard Plus option might be better suited to you. They each come fitted with one or more of the most popular adaptations and your dealer will be happy to help you find the option that is best for you. The extra adaptations fitted to each product are listed underneath the product name.

CONSIDERATIONS

- These powered wheelchairs come with specific adaptations fitted as a package.
- Any additional adaptations may be an extra cost payable to your dealer.

T/A denotes Total Allowance. For more details on how to use this guide please see page 10

Worry-free mobility starts here

All you need to do now is find a local dealer and look forward to choosing your product. We'll then take care of the rest so you can enjoy the independence it brings.

Whether you've seen a product you're interested in, or you want to talk through where to start, our specialist dealers are here to help.

You can search for local Motability dealers online at **motability.co.uk**.

If you don't have internet access you can phone us on **0800 953 3060** and we'll help you arrange an appointment.
