Colour Command Centre™

Rompa®'s largest interactive wireless controller. Rewarding and responsive; empowering and engaging. Navigate through a spectrum of colours, patterns and levels of brightness on the large Colour Command Centre. Be amazed as the room transforms as other Rompa® wireless products change colour to match. Change the colour and the brightness of the large display as well as that of other ROMPA® products in your room. Unique, in that this is both a ROMPA® Wi Fi controller and a Wi Fi Wi Fi controllable product.

- 3 modes of operation - passive, interactive and music
- Different effects such as solid colours, colour fading in and out, lights looping around the display
- Multiple illuminated push buttons at the base and within the display
- Use the panel buttons to select a base colour; then press the onscreen buttons to adjust the hues and brightness of that colour
- Sockets for your own switches
- Can be use with a microphone for a sound to light effect to encourage vocalisation

Size: 115H x 67W x 10cm

Portable Mini Spotlight

Perfect for highlighting smaller areas with colour. With a removable bracket for suspension from a ceiling. Considerably cooler-running than traditional spotlights. Compact and safe. Pre-programmed, including sound-responsive effect. Not especially suited to use with mirror balls. Rechargeable, or use the included 12V adapter as a power supply. With a remote control.

Size: 12cm diameter x 9cmH

R822969

Translucent Beads – Set of 50

Adds colour and additional visual interest to your bubble tube, as well as subtle noise as these tap against your bubble tube. Assorted colours. Small parts, these are intended to be inaccessible (within the bubble tube). Especially effective in Midi Bubble Tubes. For larger Maxi bubble tubes, we suggest you purchase multiple packs.

Size: 2cm diameter

R822806

Snoezelen® Sensory Trolley

Multi-purpose and mobile. On high quality castors with brakes to allow the unit to be moved from room to room. With an integrated tactile panel on one large side and several colourful storage trays on the other. Trays have a built-in stop mechanism and so can't be accidentally removed. The tactile panel houses speakers which are safe to touch and can be used to provide auditory input. One short side has a shelf for your music system (not included) whilst the other has cut-outs for fibre optics. The flat top could be used for further sensory resources such as a projector. With a 6-gang extension lead inside. Requires just one mains socket. Supplied without additional sensory products so that you can select the components most suitable for your clients' needs. Not compatible with our 21986 Hi-Fi Audio System.

Size: 116.5L x 58W x 103cmH

Garden Design Service

Outdoor sensory spaces deserve the same care and attention as indoor sensory environments to ensure their suitability, appeal and longevity. To this end ROMPA® can provide you with an extensive range of products for outdoors – from inexpensive decorations to large play structures built to last for years. Many of the products featured here are free-standing and can be mixed and matched. We have more products to choose from on our website, including options requiring professional installation. Most of these products are made to order. Please allow approximately 6 weeks for delivery.

For garden projects with a larger budget, we can offer you bespoke and tailor-made designs to make maximum use of your space.

Contact us for further information.

Includes:

- On-site visit from a Landscape Architect at a time that suits you
- Time to view the users of the space to understand their needs
- Detailed consultation with project team to ensure best use of all available space
- Hand-drawn design by an experienced landscape architect
- Plan detailing individual elements

Benefits:

- The design meets your needs as closely as possible
- The price of the design is fully refunded from projects installed through ROMPA®
- The design is yours to keep regardless of the provider you choose
- A tailored approach to your circumstances - traditional gardens to roof gardens, playgrounds to urban settings
- Exceptional results that are multi-sensory, sympathetic to nature and age-appropriate

TheraGym® Itinerant Frame

Height adjustable!

The first real portable suspension system available for travelling therapists using SI. Strong, this frame allows flexibility and portability with suspended equipment in remote sites where ceiling eyebolts have not yet been installed. Heavy-duty steel construction with a Safety Rotational Device and height-adjustable contracting legs. Folds easily. Please note: this is not a substitute for permanently fixed suspension points - it is a temporary alternative for light suspended activity only. This frame is not recommended for clients requiring a more supportive suspension unit for daily intensive therapy. Swinging activity can only take place within the angles of the frame legs. Do not exceed load stipulated. See 21549 for a Square TheraGym® Platform Swing.

Not suitable for use with 21566 Adjustable Angle Swing with Foot Rest, 21560 Bolster Swing, 21561 Economy Bolster Swing and 21579 Ultimate T Swing.

Weight: 24kg (two people may be required to lift this frame)

Working load: 136kg (300 lbs)

Size: takes up 300 x 300cm (10 x 10') of floor space; 210cm high when assembled.

Robo-Board

Trains weight transfer and dynamic balance, as well as providing proprioceptive stimulation. Can help improve muscle coordination, controlled movement, body awareness, rhythm and regulation of force in the legs. Move the board by transferring weight from side to side – it rotates when the weight is on four of the wheels on one side, and locks when the load is centred over the four central wheels. Allows rotation in a circular movement of up to 360°. With practice, an experienced user can get the board spinning and do tricks with it. Engaging design to appeal to children of all ages, including teenagers. For users 4 years and over. Maximum load: 75kg.
